Re: Danbury Library Drop Boxes

Dear President Cavo and City Council Members:

Due to considerable demand from Danbury residents, we respectfully request that the City Council form a committee to develop the ways and means necessary to reestablish the Danbury Library's drop boxes in their previous hours of use and location.

This committee should include the library Director, members of the library Board of Directors, the Director of Finance and the Superintendent of Public Buildings.

Thank you for your kind consideration of this pressing matter,

Minority Legislative Leader

City Council for the Fourth Ward
