February 10, 2011

Honorable Mark D. Boughton, Mayor  
City Council  
City of Danbury  
155 Deer Hill Avenue  
Danbury, CT 06810

Dear Mayor Boughton and City Council Members:

**Sanitary Sewer Extension (Assessment Method)**  
**Olive Street and Tilden Road Area**  
**Project No. 99-02**

The mail survey soliciting input from those property owners who would benefit from the extension of the City's sanitary sewer system to the above mentioned area has been completed.

This project was previously approved by the City Council but could not move forward until our office had received the recent approval from the State of Connecticut Department of Transportation to proceed with the storm drainage work required to solve a long outstanding drainage problem in the immediate vicinity of the proposed sanitary sewer. We felt that it was important to send the property owners revised estimated preliminary assessment numbers based on today's market prices to see if there was still interest in this project going forward.

A comprehensive package that explained the sanitary sewer assessment process was mailed to benefiting properties along with the mail survey. The results of the survey are as follows:

Comparison of results by number of lots:

|                   |  |
|-------------------|--|
| Yes -----         | 13 (48.2 %)                                |
| No -----          | 7 (25.9 %)                                 |
| No response ----- | 7 (25.9 %)                                 |
|                   | <b>27 - Total number of lots in survey</b> |

A color-coded map showing how the owners of the lots that would be served voted has been attached.

If you have any questions, please feel free to contact me.

Very truly yours,

Farid L. Khouri, P.E.  
City Engineer
