Dear Mayor Boughton and City Council Members:

**Re: Investigation of Expansion, Renovation and/or Improvement of Existing Schools to Accommodate Current and Future Overcrowding**

As you may know, the City and the School Board is dealing with an existing and future overcrowding issue which is district wide. We will be initiating a feasibility study with preliminary plans on which schools need to be expanded and/or renovated in order to accommodate this issue. This will be the study that will allow us to accurately submit the necessary forms and application to the State.

In order to acquire State of Connecticut Department of Education approval for the partial State funding of this project, a number of authorizations by the City Council are required. We request that the Council approve a resolution that accomplishes the following:

1. Establishes a School Building Committee for all school projects. Below please find my recommendation for the makeup of the Committee.

City Members

Farid L. Khouri, Chairman  
Daniel Garrick  
Richard Palanzo  
Charles J. Volpe, Jr.  
Antonio Iadarola, P.E.

Board of Education Members

Eileen Alberts  
Kathleen Molinaro

School Department Staff

Richard Jalbert

Ed Arum

Cindy Mirochine

Council Member

Fred Visconti

- 2. Authorize the preparation of final drawings and specifications for the proposed project.
- 3. Authorize the filing of a grant application.

Your assistance with this project is appreciated. If you have any questions, please feel free to contact me.

Very truly yours,

Antonio Iadarola, P.E.
