Re: Proposed Re-naming of Ridge Rd. to Red Ridge Rd.

Dear Mayor and Fellow Council Members:

As you may or may not know the City of Danbury has three Ridge Roads. We have been working with the residents on the re-naming of the Ridge Road near Hawthorne Cove Road. This duplication causes the residents of Ridge Road to have constant problems with their mail service, deliveries and calls for service. This confusion has prompted them as a group to respectfully request that the City Council change the name of their road.

Several months ago we met with six of the ten residents at a neighborhood meeting hosted by Arthur and Arlene Rice to discuss the process of a road name change. We also discussed at length suggestions for a new road name. Of the residents present that evening, all agreed that Red Ridge Road would be a viable option.

Joanne Reed from our Planning Department has been very helpful and compiled a comprehensive survey packet. Joanne then mailed the survey to the ten property owners on this road advising them of the proposed changes and the importance of their need to cast a vote on these changes. We are happy to report that the residents of Ridge Road have voted unanimously through Joanne's office, to change the name of Ridge Road to Red Ridge Road.

We are hoping that you will join us in supporting this proposed name change at the regular scheduled City Council meeting in March. If you have any questions please don't hesitate to contact one of us in any of the usual manners.

Best regards,

Joseph Cavo
