RE: Fairfield Avenue - Numbering of Homes

Dear President Cavo and City Council Members:

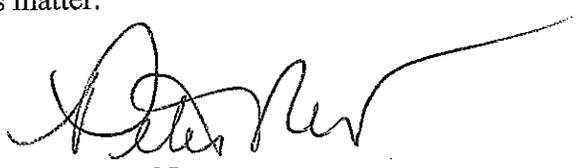

Several constituents of ours have complained about a problem with the numbering of homes on Fairfield Avenue. These problems include homes numbered '1' and '01', '2' and '02' as well as duplicate apartment numbers and letters. These situations have resulted in, among other things, mail being delivered to the wrong address, municipal agencies and private companies (e.g. telephone and cable) going to the wrong address in response to service calls.

As such, we request that this matter be referred to the Planning Department for a review and report regarding the possible renumbering of parts of Fairfield Avenue.

We thank you for your attention to this matter.

Sincerely,

Thomas J. Saadi
Democratic Minority Leader
