Danbury, CT 06810

Re: Purchase of property by the City of Danbury
Executive Session

Dear Council:

The City has been approached regarding its interest in a piece of property with land and building that would allow us to develop and convert into a public-friendly asset for the City. To do so, I ask that you provide me with authority to discuss, conduct some due diligence and then negotiate and return to you with a proposal to purchase the site.

We will provide you with more detailed information in a closed format, considering this is a proposed purchase and we do not want to affect the market pricing during the process.

Thank you for your authorization toward this effort.

Sincerely,

Mark D. Boughton,
Mayor
