CERTIFICATION

SUBJECT: Certification of Funds – Ambulance Fund

The City of Danbury's Ambulance fund supports the collaborative effort of the Public Safety Divisions in providing care to the citizens of Danbury. As part of this effort, the Fire Department is requesting the use of these funds to install two UHF receivers and replace two UHF antennas that are critical to ensure communications between emergency responders are reliable and stable.

I hereby certify the availability of \$100,000 in the Ambulance Fund for such purposes.

I respectfully request the City Council consider this request at the June 2014 meeting. Please feel free to contact me should you require any additional information.

RE: EXPENSE REQUEST
CC: SUE KAMINSKI, FINANCE DEPT.

Dear David,

I am requesting the transfer of \$100,000 from the ambulance fund. This will be used to install two UHF radio receivers. These are on the Spruce Mountain site and the Federal Correctional Institution. In addition, we will replace two UHF antennas on Danbury Hospital. These acquisitions are mission critical to ensure the safety of citizens and emergency responders. These necessary infrastructure improvements are another step to ensure a reliable and stable radio platform for our civilian dispatch center.

Respectfully,

Geoff Herald
