Mayor Mark D. Boughton:

In order to begin our request for funding of the 2009 Connecticut Film Festival, I ask that at the July Common Council meeting you assign an ad hoc committee to evaluate our potential sponsoring of this event.

As part of the 2008 approval agreement, we will present to this committee the results of the Northwest Connecticut Convention and Visitors Bureau's survey of 2008 Film Festival attendees. This was designed to determine the economic impact of the event.

We will also address its community impact and its intangible impact.

Thanks, in advance, for your consideration.

Sincerely,

Wayne J. Shepperd
Director, Economic Development
