FARID L. KHOURI, P.E.
CITY ENGINEER

October 28, 2008

Honorable Mark D. Boughton, Mayor
Common Council
City of Danbury
155 Deer Hill Avenue
Danbury, CT 06810

Dear Mayor Boughton and Common Council Members:

Sanitary Sewer Extension
Henso Drive and Stuart Drive
Cedar Crest Drive and Lindencrest Drive
Mountainville Road, Mountain Road and Willow Lane
Tamanny Trail, Tabor Road and Purchase Street

The Engineering Department has strived over the last several years to address the backlog of sanitary sewer, water line, storm drainage and roadway requested assessment projects.

The petition for sanitary sewers in Henso Drive and Stuart Drive that was received at the August 3, 1999 Common Council meeting is being reviewed by the department. This review raised the question as to service to properties outside the existing sewer boundary.

The entire Henso Drive/Stuart Drive project area is located outside of the sewershed boundary area designated in the City's current Comprehensive Sewerage Study. Similar petition projects such as a Cedar Crest Drive and Lindencrest Drive project, a Mountainville Road, Mountain Road and Willow Lane project, and a Tamanny Trail, Tabor Road and Purchase Street project are also outside the current sewershed boundary.

No preliminary assessments will be developed on the above-mentioned projects since they are outside of the sewershed boundary. A new, comprehensive sanitary sewer study
