Mayor Mark D. Boughton
Members of the Common Council

Re: **Drainage Easement on Backus Avenue**

The Common Council Committee met on June 14, 2004 in the Third Floor Caucus Room in City Hall. In attendance were committee members Nagarsheth, Burns and Barry. Also in attendance were Assistant Corporation Counsel Les Pinter, Director of Public Works William Buckley and Council Member Joe Cavo, ex-officio.

Mr. Nagarsheth noted the positive recommendation from the Planning Commission. Mr. Buckley stated that this is a small piece of property in back of the Kaufman property where Waterworks is located. It is 15 x 30 feet on airport property. He said that the City will get a Mylar map and will execute the drainage easement. The easement provides the right to take drainage away from the property. The City will not be liable for maintenance and will be held harmless. He will review the final documents and record and file the map on the land records. He recommends approval of the easement.

Mr. Barry made a motion to recommend approval of the drainage easement on Backus Avenue. Seconded by Ms. Burns. Motion carried unanimously.

Respectfully submitted,

SHAY NAGARSHETH, Chairman

GEORGETTE BURNS

KEVIN BARRY
