Monthly Report/Key Indicators June 2004

The month of June was buzzing with activity in all departments. Elmwood Hall was booked with many special activities including a huge ballroom dance party featuring the Paul King 18 piece Band. Also featured were many medical presentations, financial workshops, and historical Danbury presentations. Elmwood Hall had its first weekend event, a Prime Timers, Inc Friends of Danbury fundraiser featuring the women's a copula group Femina Melodia. SeniorNet held open house all last week and signed up many new and continuing students to their roster. Their summer classes and seminars start soon. Our municipal agents office is again busy with keeping up with all the news on the Medicare Rx drug cards and rent rebate applications. They have been conducting both on site and community appointments. Our band, the Cellmates, celebrated their twenty anniversary this month with two original member of the band present. We are looking forward to our high school volunteer this summer to help with different projects and activity with the seniors. Finally, we are saddened to report that a long time staff member and member of the Commission on Aging died this month at the age of 87. John Dzurik will be remembered for all his hard work and dedication to the Department of Elderly Services over the years.
