**Mr. President,**

**I am asking for an adhoc committee to be formed to look into the speeding on Moody Drive. I had many conversations with Mr.Thomas Gutierrez, about this problem. He attended a constituent meeting in April or May, and councilman Barry said he would look into having an officer, check on the problem. Since then received about 4 call from Mr. Gutierrez, that the problem has gotten worst, and since there are children involved and it is summer I think this matter should be taken care of.**

**Sincerely,**

Majority Leader**
