RESOLUTION

CITY OF DANBURY. STATE OF CONNECTICUT

_____ A. D., 200_

RESOLVED by the Common Council of the City of Danbury:

WHEREAS the State of Connecticut Department of Public Health through the Connecticut Association of Directors of Health, has offered the City of Danbury Health Housing and Welfare Department the opportunity to apply for grant funding for a Lead Poisoning Prevention Program; and

WHEREAS the requested amount of \$6,184.00 would be used to provide lead education and implement State of Connecticut Lead Poisoning regulations; and

WHEREAS the term of this grant is January 1, 2009 to June 30, 2009 and there is no local match required.

NOW, THEREFORE BE IT RESOLVED THAT, Mark D. Boughton, Mayor of the City of Danbury, or Scott T. LeRoy, Director of Health, Housing and Welfare, as his designee, is authorized to apply for and accept this funding and executed on behalf of the City of Danbury all contracts, agreements or amendments and to take all actions necessary to accomplish the purposes of this funding.

Lead Poisoning Prevention & Control – LHD Assistance
Impact Statement
1/1/09 through 6/30/09

The State of Connecticut Department of Public Health and the Connecticut Association of Directors of Health, Inc. has contracted with each other to offer a separate subcontract for \$6,184.00 with the City of Danbury Department of Health, Housing & Welfare to offer Fiscal Assistance towards our Lead Poisoning Prevention Program from January 1st to June 30th, 2009.

The State of Connecticut Lead Poisoning Prevention Regulations were updated on January 1, 2009, to protect children from the dangers of Lead Poisoning. These changes also have the potential to increase the work load of the Department. This increase might be due to either increased blood lead screening efforts or monitoring of local doctors in children or the identification of new lead poisoned children due to the level being decreased in which a lead poisoning is identified.

These funds are to be used to increase the Department's capability to respond to lead poisoned children, prevent further lead exposure in lead poisoned children, provide lead education to family's with lead exposed children and implement all the requirements of the CTDPH regulation. There are no matching requirements for these funds.
