Re: Sewer Line Extension Approval

Dear Ms. Natale:

We are preparing to complete the sewer line extension at the properties on Shelter Rock Road, including ours at #60, Michael Cardillo's at #40, and Frank Mariano's (Sympaug Properties, LLC) on Shelter Rock Lane. The original approval granted at a Common Council meeting on 10/9/07 has expired and I would like to request a renewal of that same approval. We expect to be starting construction this fall.

Please let me know if you will require anything further from me in order to place this item on the Council's next available agenda. And thank-you for your help with this.

Sincerely,

Stuart L. Longman
