August 28, 2005

To: Mayor Mark D. Boughton  
Members of the Common Council

I would like to ask for an ad hoc committee to arrange for an identifying sign to be placed at the site of the old Great Plain School in the Great Plain area of Danbury. This is one of the original single room school houses in our city. People pass it daily without being aware of its significance.

I would ask that this committee include appropriate department heads and that a representative of the Danbury Historical Society and a representative of Friends of Great Plain" be invited.

Thank you for your consideration.

Mary G. Saracino
