Re: Sewer Extension Great Plain Road

Dear Mr. Nolan:

Please be advised I represent Albert J. Salame who owns property on Great Plain Road. The property which Mr. Salame owns will be in the immediate proximity of the termination of the sewer line which is currently being installed up Great Plain Road. It is Mr. Salame's understanding that a portion of the pipe from Clearbrook Road to Hawley Road is an 8 inch diameter. It is Mr. Salame's belief that should the City wishes to extend the line in the future it will be unable to do so unless the line is at least a 12 inch diameter. At least 18-20 households on Tamnay Trail, Tabor Road and Purchase Street have already either signed a petition seeking an extension or have otherwise expressed that desire. He believes it is likely that more of the surrounding households will do so in the future but that the size of the 8 inch line will be an impediment.

Mr. Salame would like to make a donation to the City in order for the City to increase the size of the line from 8 inches to 12 inches for approximately 2400 linear feet and is willing to bear the cost of the pipe upgrade. Please advise at your convenience of any committee meetings. Thank you for your consideration.

Yours very truly,

Paul N. Jaber
