COMMON COUNCIL

Members of the Common Council
155 Deer Hill Ave
Danbury, CT 06810

Dear Council Members:

The neighbors of Briar Ridge Road have been experiencing an on-going problem with the addresses that are currently being used for the road. As some of you probably are not aware, Briar Ridge Road is made up of two parts that do not connect. One access to the road is made from Old Ridgbury Road off of Mill Plain Road. The other access is made from Miry Brook off of Backus Ave. Most maps and GPS systems currently show the road as one continuous road. This has caused difficulty for service and delivery vehicles trying to find homes on either side.

I respectfully request that a ad hoc committee be appointed to address the issue and look into renaming the road and renumber the residences. (Ex. Briar Ridge Rd - North/South).

Sincerely,

Benjamin Chianese
