COMMON COUNCIL

September 25, 2007

Dear President Cavo:

Many of my constituents are complaining to me about the presence of The Yellow Pages in yellow plastic bags that were distributed to all households in the city during the month of August.

I would like to request an ad hoc committee to consider adding a requirement to our litter ordinances for the vendors of these directories to collect the unwanted directories after a specified period of time.

Thank you for your consideration of this request.

Sincerely,

Lynn H. Taborsak
Common Council at Large
