Dream Homes Community Center

Program Synopsis

Per the proposal endorsed by Mayor Boughton and the Common Council, the Dream Homes Community Center (DHCC) is a collaborative effort of 4 non-profits: Housing Authority of the City of Danbury, The Association of Religious Communities, We CAHR and People First of CT. The collaborative has financial and in-kind partners, to date: The City of Danbury, Mc Cue Mortgage, Prestima Latino, an Anonymous Donor, Housing Authority, ARC & We CAHR.

Dream Homes works with 3 populations:

- 1) Point of Entry for persons who are homeless
- 2) Rentals
- 3) First-time Home ownership

All three of the above components are a part of Dream Homes. The Point of Entry is not a separate program; rather, it is 1 of the 3 components of Dream Homes ~ per the proposal passed by Mayor Boughton and the Common Council.

The collaborative Leadership Team shares responsibilities for leadership, decision-making, risk-taking, and fundraising. This report is submitted by Rev. Phyllis J. Leopold on behalf of the collaborative Leadership Team which also includes: M. Carolyn Sistrunk, Pat Tomka, and Jean Bowen.

In addition to the Leadership Team, salaried professionals implement the program:

Program Director (full-time): Karl Myers at ARC (792-9450) or karl-arc@sbcglobal.net.

Homeless Coordinator (part-time): Rev. Elizabeth Braddon at ARC (792-9450) or elizabeth-arc@sbcglobal.net.

Housing Advocate for Persons with Disabilities (part-time): Jeanne Braude-Maji at We CAHR (792-3540) or jmbraude@sbcglobal.net

Operations (July to January 2007)

1) Point of Entry for persons who are homeless:

- Homeless Management Information System (HMIS) service
 - Dream Homes Community Center *provides* a monthly report to the *Mayor and Common Council* outlining its progress in all aspects of its programming. The reports includes demographic information on all homeless persons DHCC has come into contact with from each of its collaborating agencies.
 - Dream Homes Community Center *staff trained* on HMIS system in September.
 - Danbury Continuum of Care *voted* to have all agencies in the CoC that use or will use HMIS to sign a data sharing agreement with Dream Homes Community Center.
 - Dream Homes Community Center began providing a monthly HMIS report to the *Mayor and Common Council* in November 2006 that contained data from *all agencies* within the Danbury Continuum of Care that enter data into HMIS (see Appendix).
 - Secured Data Sharing Agreements with 4 area agencies with 2 pending.
 - Dream Homes Community Center is *entering* data for Shelter of the Cross, We CAHR and *will be* entering data for The Department of Social Services of the Town of New Milford into HMIS.
 - Dream Homes Community Center is currently working with the Connecticut Coalition to End Homelessness to expand the monthly reporting to include all HMIS users in the Danbury Continuum of Care. The first of these reports is in the November Common Council Report
- Direct Services Provided
 - Provided Emergency Aid to *ten* homeless individuals through a fund managed by The Association of Religious Communities. Money granted was used for shoes for work, bus ticket, food purchase, gas cards to go to new employment, and down payment for self-storage unit for personal items after eviction.
 - Total homeless individuals that came in contact with the four collaborating agencies of Dream Homes Community Center, May to January: **94** (see attached appendix for further breakdown).

Rental Program success stories:

- At the end of September a person living in New Milford read the article in the News- Times about Dream Homes Community Center and contacted the Dream Homes Community Center office for he/she did not know who might be able to help him/her with their rental problem. He/she was at the time living in a single room apartment in New Milford, the building was old, rooms small, there was a shared bathroom for fifteen people, and he/she did not have the ability to cook in the room and therefore had to eat takeout most evenings. He/she worked fulltime but because of the high rent and food expenses could not afford to save enough money for a security deposit. He/she originally moved into this building expecting to stay only one month, instead it was over one year. After obtaining all the needed information an assessment of potential services was made and Dream Homes Community Center referred him/her to the Key Rings Program. He/she met all of their eligibility criteria and successfully worked through their program and he/she was able to obtain money for a security deposit through Catholic Family Services. He/she moved into an apartment at the beginning of November in Danbury. Further Dream Homes Community Center was able to utilize the “ARC Angel Program” offered by The Association of Religious Communities and helped this person obtain furniture and many other items needed so he/she could have a nearly furnished apartment, including food. He/she went from one room and a shared bathroom to a studio apartment with a balcony, kitchen, small storage shed and his/her own bathroom.

Rental Program success stories (cont):

- In November a client was referred to Dream Homes Community Center from the Housing Authority of the City of Danbury. The client was facing eviction due to nonpayment of rent. The client was a single parent of two. The client had many personal issues that prevented them from paying their rent; a sick child (had to resign from a part-time job to be home with child), was in the process of divorcing their spouse and had child custody issues as well that had additional money to be taken from their pay check until it was resolved. Coupled with this was attorney charges and DNA testing costs too. The client was in need of eviction prevention and other services but was not aware of what was available too him. Dream Homes Community Center made several referrals to CACD for their eviction prevention and energy assistance program, to the State Department of Social Services to apply for food stamps and health insurance for their children and DHCC also provided direct advocacy services representing the client at two court hearings. Through all the efforts the client was able to resolve their child custody issue and applied the returned money that was withheld for the child support to their back rent, received energy assistance through the CACD program, currently under review for the eviction prevention program and entered into an agreement with the Housing Authority to repay the remaining balanced owed. The final outcome was that the client was not evicted.

Homeless Prevention success story:

- December 20, 2006 a Case Worker from the Connecticut Department of Social Services contacted Dream Homes Community Center in need of assistance for a client they were working with that was to be evicted on December 31, 2006. Their client was an 80-year-old woman whose husband had passed away in 2006. Through out their entire marriage the husband handled all the family's finances so upon his death she did not know what her financial obligations were or how to take care of them and as a result fell behind several months in her rent and was evicted from her rental unit. The Case Worker did not know where she could go, only that she would not fair well at a shelter and needed help to prevent the client from becoming homeless. DHCC immediately contacted one of its collaborating agencies and began working together to resolve this woman's crisis. Within 24 hours two rest homes were located, one in Danbury the other in Litchfield, that had an available bed and would make it available to her even though they had waiting lists. The client went and visited the Danbury location and moved into it on January 2, 2007.
