DANBURY, CONNECTICUT 06810

COMMON COUNCIL

February 27, 2007

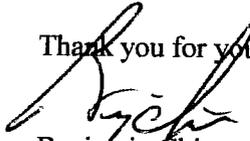

Members of the Common Council
155 Deer Hill Ave
Danbury, CT 06810

Dear Council Members:

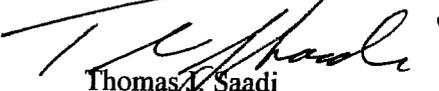

Pursuant to Section 3-13 of the city charter, we would like to request an ad hoc committee, which will establish a new ordinance to require the following:

- Once an ad hoc committee is appointed by the Mayor, said committee will be required to provide a written report to the Common Council within 30 days from appointment or by the next regularly scheduled Common Council meeting, whichever is later. And to continue to make 30 day updates to the Common Council until a final report is issued.
- If the committee does not report back within such time frame, the Common Council can rule said committee defunct, by which the Mayor will appoint a new committee.
- A final report will be due to the Common Council no later than 120 days after appointment, unless there are extenuating circumstances for such a report not to be available for such submission.

Thank you for your consideration in this matter.
