Financial Report/Director of Elderly Services Report/Senior Center Coordinator

Report: (Copies Attached) Susan said that the department budget has passed with more cutbacks. She continues to try to raise additional money with fund raisers such as the Tag Sale and the Barbecue, Sock Hop. My Senior Center Software is set to be installed on Thursday May 13 with the anticipation that it will be completely up and running in August. Susan will be expanding the roles of the volunteers to include the updating of senior center members information into the new software.

Municipal Agent Report: (Copies Attached) The project of cleaning out the old jail has been completed. There is a new food outlet in Bethel at the Church of Bethel offered by the Angel Food Ministries.

New Business: The Regional COA Meeting has been postponed to either late September or early October. Discussion of the time was mentioned as the New Fairfield COA can't make a meeting that would be during the week. It was determined that it will be on a Saturday morning. Tentative dates of Saturday September 25th or October 2nd were put on the table.

Charlotte continues to be vigilant on following the developments on the old police building with regards to senior housing.

The Contractors Booklet came up, is it being updated? Do we have the funding to make copies of it?

Jim motioned to adjourn at 3:25.
