

9/21/16 – Danbury Beauty Supplies

Honoring businesses here in Danbury is about thanking our partners for choosing this city and spreading positive words about all of the success and hard work that goes into our businesses. This week, we want to congratulate a business that has been rooted in Danbury since its creation. The city wishes to congratulate Danbury Beauty Supplies on its 40th Anniversary!

Josephine Nassif moved to Danbury from Lebanon and brought with her a passion for beauty and cosmetology. After graduating from Immaculate High School she went on to study at Americo's Beauty Academy in Danbury. It was there that she discovered her desire to open up her own business.

Danbury Beauty Supplies is a thriving business in downtown Danbury. First opening up on Ives Street, the store now resides at 24 White Street.

Josephine's dedication and enthusiasm for providing others with quality beauty care shines through still with every customer, as it did 40 years ago. We are proud that she chose to start her business in Danbury and that she continues it with the same values to this day.
