RESOLUTION

CITY OF DANBURY. STATE OF CONNECTICUT

_____ A. D., 200__

RESOLVED by the Common Council of the City of Danbury:

WHEREAS, the State of Connecticut Department of Public Health has notified the City of Danbury Health, Housing and Welfare Department that it is eligible to apply for a Preventive Health and Health Services Block Grant in an amount not to exceed \$12,012.00; and

WHEREAS, the grant will cover the period of July 1, 2009 through June 30, 2010 with no local in kind match; and

WHEREAS, the funding will be used for a Youth Violence Prevention program in conjunction with the School Based Health Centers located at Danbury High School, Broadview Middle School and Rogers Park Middle School.

NOW, THEREFORE, BE IT RESOLVED THAT Mark D. Boughton, Mayor of the City of Danbury, of Scott T. LeRoy, Director of Health, Housing and Welfare, as his designee, is hereby authorized to apply for said funds from the Connecticut Department of Public Health and to accept the grant, and to execute all contracts or agreements in connection therewith and to do all things necessary to effectuate the purposes of said grant.

IMPACT STATEMENT

**2009-2010 Preventive Health and Health Services Block Grant
Continuation Funding Application
Local Health Department Allocation
Contract Log # 2010-0104**

Amount Awarded For This Program: \$12,012
Contract Period: July 1, 2009 to June 30, 2010

Program Impact

This grant will enable the City of Danbury to address the growing problem of youth violence faced by our community's adolescent population through the implementation of a variety of prevention-based awareness activities and provision of individual and group counseling services through the School-Based Health Centers located at Danbury High School, Broadview Middle School and Rogers Park Middle School.

Further benefits will be achieved by the removal of potential barriers to psychosocial support services that can interfere or impact on an adolescent's ability to live a happy and productive life.

The primary beneficiaries will be students enrolled in Danbury High School, Broadview Middle School, Rogers Park Middle School and the Alternative Center for Education.

Fiscal Impact

The federal grant funds are available through the Connecticut State Department of Public Health (DPH). Funding in the amount of \$12,012 will be made available to the City's Health Department to implement prevention-based activities designed to reach the adolescent population.

This grant will include a salary and fringe benefit allocation for SBHC clinical social worker staff responsible for carrying out all proposed grant deliverables and a 2% audit fee.

Anticipated Grant Lifetime

Currently, funding for related services operated under this grant is available through June 30, 2009.

If DPH funding from the Department of Public Health for youth violence prevention services were to be discontinued, alternative sources of funding for the program would have to be identified. In worst case scenario, if funding for these services became unavailable, related activities would cease and staff hours covered by this grant would be reduced.
