On February 14, 2011, the City of Danbury began collecting a review fee for any permit application requiring a Fire Marshal review.

The fee is due at time of submittal by payment of cash, check, Master Card or Visa, and is non-refundable.

Attached you will find a schedule of the Fire Marshal review fees.

Please keep in mind that on all fees which are calculated by square footage, the fee is based on the square footage of the area in which the work is being done, not on total square footage of the building itself.

On new commercial construction, the fee will be based on total square footage of the entire building.

If you have any questions regarding the Fire Marshal review fees, please do not hesitate to call the Permit Center at (203) 796-1653.
